Fjöldi tákna

- Við erum kannski að nota um 40 tákni á dag
- Flest tákni sem við notum koma fyrir oft á dag og flesta daga
- Börnin læra tákni smátt og smátt því þau sjá þau notuð aftur og aftur
- Munið að það getur tekið tíma fyrir barnið að byrja að gera fyrstu tákni og það gerist bara ef þau **sjá okkur** nota þau
